The Honourable Mr. Yukitoshi Sasayama.
Mayor of Kobe City.
Japan.

Dear Mr. Mayor

I wish to convey to you and citizens of your beautiful city Kobe my sympathy for the disaster caused by the recent earthquake. Mr. Koji Suzuki told us of your plans to re-develop Kobe and that he is here to establish contacts and gather information which may be useful in your reconstruction of Kobe.

Mr. Suzuki has met many of our leaders in the private sector as well as in our Government. We have some experience in building our little Signapore into a modern city state over the last 30 years. Should you find this experience useful we will be happy to share them with you.

Wishing you every success in your gigantic but very interesting and challenging project in rebuilding a better Kobe and a better world.

With warm regards
Yours sincerely,

Lee Kum-Tatt.

Dr. Atsuhiko Shimokobe,
Chairman,
Cabinet Rehabilitation Committee

Dear Dr. Shimokobe,

We express our deepest sympathy to the victims of the earthquake occurred in Kobe and its neighboring districts.

As I understand that Mr. Koji Suzuki is trying to organize a consortium comprising both Japanese and non-Japanese agencies and organizations to prepare proposals to the chairman of the Cabinet Rehabilitation Committee, the Hyogo Prefecture and the Kobe Municipality in order to promote the realization of the "Enterprise Zone" and "Economic Sharing Zone with Asia" that are being proposed as pillars of the rehabilitation program. I am willing to participate as one of the members of a study team of the proposed consortium.

It is my and our earnest hope that you would extend your full cooperation to the proposals for the rehabilitation we are going to make in the near future.
